Sponsor Introduction

The **International MLS Forum** continues to bring together MLS leaders, real estate organizations, technology innovators, and industry decision-makers from around the world to shape the future of a more connected global real estate ecosystem. This November, the conversation moves to **Istanbul**—a city connecting continents and a fitting setting for the next chapter of international real estate collaboration.

As global data exchange moves from vision to reality, the Forum will explore how **trusted data, interoperability, AI, governance, and cross-border collaboration** are reshaping the industry and creating new opportunities across markets. For our sponsors and partners, IMLSF offers more than brand visibility. It is an opportunity to **be part of the conversations, connections, and partnerships helping build the infrastructure for global real estate collaboration.**

Join us in Istanbul, November 16–17, and help shape what comes next.
